

Deborah Holdengraber Friedman

Art

I'm sure that if I had not chosen to go to Cass Tech when I did, my life would have been significantly different. My interest in art was affirmed and encouraged by all my wonderful teachers. I was treated with respect and an amazing amount of interest. For a somewhat confused young woman who had very recently lost a parent, Cass Tech provided a safe, secure place to plan a life that would involve all the teachings that were offered to me.

I worked as an illustrator for most of my younger years, raised two children and have been married for 46 years. I have a wonderful husband that has supported all my creative impulses and built a home with a studio for me to work in. We have a granddaughter that is a delight to both of us.

I went back to college later in life and earned my B.F.A. and my M.F.A. at Wayne State. I taught part time for awhile but my main interest is in my painting and I work almost everyday in my studio. I'm a very lucky woman. I have exhibited my paintings widely and am in a number of corporate private collections. My art can be seen at www.deborahfriedman.com or you can contact me at deborahfrie@aol.com.
