

Gerald Jakubison

Electrical

1941 - 1993

Provided by Maureen Jakubison:

I have enclosed a picture of Jerry and me; it was taken around 17 years ago, just about a year before he died,

Jerry and I were married almost 30 years. We lived in Sterling Heights and had two sons and a daughter. He was employed at Chrysler Corporation as a millwright.

Jerry died a very painful death of cancer of the pancreas on May 15, 1993
