

Donna McKenzie Williams  
Cass Technical High School  
June, 1959

Wow! Where did the past 50 years go? It seems like yesterday when we left the halls of Cass and yet so much has happened since then. I continued my education at Wayne State University for a while. Jim and I met the month after graduation from Cass and we married September 17, 1960. I got a job at National Bank of Detroit, worked into branch management and continued working there for 18 years. While there I attended night classes and earned 3 Certificates from AIB. An opportunity I couldn't refuse was presented to me by an owner of RGIS Inventory Specialists. I stayed there until my retirement in 2005 and left from the position of Vice President of Human Resources.

Jim and I have two children and three grandchildren. We all live in the Rochester, Michigan area and spend a lot of family time together. Life's been very good to us; we are able to be active in our church and participate in many community activities. We enjoy traveling and have been to many interesting places; every State in the U.S., Spain, Italy, Great Britain, Germany, Austria, Switzerland, Scandinavia, Russia, China, The Canary Islands and many cruises. During the winter we retreat to our condo in Boynton Beach, Florida. My education at Cass Technical High School enabled me to enjoy a good quality of life and hopefully through my involvement in the community I have given back something.
