

James Boyes

Electrical - June

It's hard to believe it's been 50 years, but here we are...

I went to Wayne State and stumbled over Calculus and wound up in the Business School. I received my B.S. in Accounting in 1963 and began my career in public accounting and went to Wayne Law School at night. I graduated from Law School in 1967 and was a partner in an accounting firm, so I've never practiced law.

After completing the CPA and Bar exams in the fall of 1967, I took a year and taught accounting at Detroit Institute of Technology and then opened my own accounting practice in September of 1969 and continued until January of 2007 when my firm of Boyes, Wright, Pittman & Co. PLLC merged with the Rehmann firm based in Saginaw, Mi. We are now one of 12 offices in Michigan and Florida

That provides a broad spectrum of accounting and financial services.

On the important side of life, I met Mary E Seely in 1962 while standing up in the wedding of classmate Dean Chackman (Dean passed away in 1980). Mary & I were

Married in June, 1968 and have had the joys of raising 2 boys, Timothy born in 1970 and Jamie, born in 1972 and one daughter, Laura, born in 1975.

Our boys graduated from The University of Michigan and Laura received her undergraduate degree from Albion College and a masters from Wayne State.

Timothy married Kathleen Thompson and they have 4 children from 10 to 2 years old. Laura married Dr Steven Hane and they have 2 children, 3 and 6 mos.

The Joy has returned.....
