Science - June 1959

It is difficult to believe that 50 years has gone by!! Working on the reunion has brought back lots of fun memories of Cass Tech. Joe wrote about “us” (reference – Joe Knable) but I thought I would like to add a photo of our entire family. Each one is a delight and we look forward to any time spent with them. We feel so very blessed. We enjoy people so keep in touch – mknable@earthlink.net.
